Hello, world! I'm Aryadhiswar Parasar, but you can call me Aryan. I'm a BCA student at Kalahandi University and a tech enthusiast who loves to learn, create, and innovate. Ever since I was a kid, I was fascinated by the power and potential of technology. I remember spending hours tinkering with my computer, trying to figure out how it works and what I can do with it. I taught myself how to code in various languages, such as JAVA, C, C++, PYTHON, HTML, CSS, JS, and REACT.JS (learning). I also developed skills in web development, graphic design, and video editing. I enjoy making beautiful and functional websites, stunning graphics, and captivating videos.

EDUCATION

Bachelor of Computer Application degree - Computer Science Dec 2021 - Mar 2024 (Expected)

Kalahandi University, Bhawanipatna

Activities and Societies:

- Participated in a workshop on Data Science by Alphic Tech company at Kalahandi University.
- Assisted in the organization of the workshop and developed leadership and communication skills.
